

WORKERS' COMP

Navigating the Intersection of Safety and Cost

Each year, Connecticut employers spend hundreds of millions of dollars on medical care and wage benefits for injured workers, in addition to interrupted production and increased insurance costs. That's why controlling costs and addressing other workers' compensation concerns is imperative for Connecticut businesses.

Navigating the workers' comp system isn't always easy. Have you ever wondered:

- ▶ How the workers' comp system operates?
- ▶ How your premium is priced and what causes it to increase?
- ▶ How to handle light duty and the returning employee?
- ▶ How to improve your safety committee?
- ▶ How to best handle the claims process?

If any of these questions have crossed your mind, this program is for you. Hear from workers' comp experts and legal experts about managing your workers' comp program and controlling costs.

Meet John A. Mastropietro, chairman of the Connecticut Workers' Compensation Commission, who will address ways to strengthen the Commission's relationship with the business community.

Agenda

8:30 to 9:30 am

John A. Mastropietro, Chairman, Connecticut Workers' Compensation Commission

9:40 to 10:40 am

MANAGING YOUR WORKERS' COMP PROGRAM: LEGAL AND EMPLOYEE RELATIONS ISSUES

Letizia, Ambrose and Falls, PC

This review of Connecticut workers' compensation law practices and procedures addresses

- The intricacies of light duty—dealing with the absent worker through recovery and return to work
- Ways to manage the cost-critical elements of a workers' comp claim
- How safety committees can

enhance your workers' comp program

10:50 am to noon

YOUR WORKERS' COMP CARRIER AND YOU

Diane Ritucci, CEO and President, Workers' Compensation Trust

Nathan L. Shippee, Vice President Sales & Marketing, Workers' Compensation Trust

This session explores

- How your premium is determined
- The claims process
- Actions you can take to lower your premium
- How to choose a carrier, keep the lines of communication open, and make the most of your relationship
