Property Tax & Fixed Asset Workshop

Avoid errors and overpayment; learn about recent property tax law changes before the Nov. 1 filing deadline.

Challenging economic times demand even tighter control of both real and personal property tax expenses. Stay ahead of the Nov. 1 personal property declaration deadline. Learn how to avoid common mistakes that can lead to excessive tax payments. Also learn what steps your company can take to get its real property assessed equitably.

We'll help you:

- ▶ **File properly and avoid common, costly errors**
- ▶ **Maximize the exemptions you are entitled to under Connecticut statutes**
- ▶ **Effectively challenge and successfully appeal adverse determinations**
- ▶ **Properly respond to personal property audits**
- ▶ **Ensure that your company is not overpaying property taxes**
